Dear Mr Keeley,

On behalf of Public Works and Governmental Services of Canada I would like to thank you for your participation in the production and facility fit-up at the 22 de Varennes Facility. This project is extremely important to the smooth functioning of the border between Canada and the United States of America (it's largest trading partner).

The project was accomplished within budget and under a very short time-line to meet the requirements of the Western Hemisphere Travel Initiative. The fit-up involved the complete set-up of complex production equipment and security technology to serve Passport Canada's requirements without intermission and to double production capacity.

Your dedication, professionalism and excellence in teamwork while working with the Public Works and Governmental Services of Canada and the Passport Canada teams have greatly contributed to this success.

Therefore, it is my pleasure to invite you to the upcoming Reward and Recognition Ceremony on February 20<sup>th</sup>, 2008 as a mark of our appreciation for your excellent work.

Sincerely,

Simon Bernier, Director
