To Whom It May Concern:

Re : Letter of Recommendation for Lee Keeley

It is my pleasure to write this letter of recommendation for Lee Keeley, who performed an important project management role for us at OSEG as we fit-up TD Place in preparation for the REDBLACKS, Ottawa Fury FC and Ottawa 67s.

Lee worked with us (through Tiree) from February 2014 to August 2014. I say "with" us in that Lee became a member of our team at a critical time as we struggled to meet the project overall deadlines of getting the venue ready for our REDBLACKS' opening night in July 2014.

Lee was responsible for creating and tracking the overall operational schedule touching on all of the key aspects of our operations. Lee also provided technical input on a certain number of our operational systems designs such as; project managing our permits and occupancy requirements, health department review of the two main food production commissaries, stadium south stands club level food and alcohol preparation/serving facilities, 23 stadium and arena concession stands and minor improvements to the existing facilities.

Lee was also involved in assisting and recording meeting minutes for the weekly OSEG Management Team meetings, the Executive Partner meetings and the monthly joint OSEG/City of Ottawa transition team meetings.

Lee was proactive, positive and helpful and was able to maintain a sense of humour in a demanding environment. Our staff enjoyed working with him. Thanks Lee!

I would be happy to speak to you further about Lee if that is helpful. I can be reached at 613-863-8883.

Yours truly,

Mark Goudie
Chief Operating Officer and CFO
